Deputy Inspector General of Forests
Ministry of Environment, Forest and Climate Change,
Integrated Regional Office, Jaipur,
A-218 & B 216, Aranya Bhawan, Mahatma Gandhi Road,
Jhalana Institutional Area, Jaipur, Rajasthan – 302004

Sub.: - Limestone mine with proposed production capacity of 5.4 Million TPA of limestone by M/s Rajputana Properties Pvt. Ltd. (A wholly owned subsidiary of Dalmia Cement (Bharat) Ltd.) located near village Mangrol, Sathkhanda, Bhawaliya, Rampura, Bamaniya & Muruliya Taluk Nimbahera, District Chittaurgarh in Rajasthan (ML Area:701.268 ha), EC Compliance-reg.

Ref: *Environment Clearance from MOEF, New Delhi, F. No. J-11015/384/2013- IA II (M) dated 11th Feb., 2016*

Dear Sir,

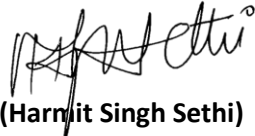

In reference to above subject matter and referred letter, we are herewith submitting herewith the point wise Half-Yearly Compliance report of conditions laid down in Environment Clearance for the period from **April, 2024 to September, 2024** for your kind perusal and record.

We would like to mention that mine is not under operation as we are waiting for orders from State Govt for grant and execution of ML.

Thanking You

Yours Faithfully

For Rajputana Properties Pvt. Ltd.

(Harmit Singh Sethi)

Director

Encl: As Above

CC: To,

- 1) **The Regional Officer, Rajasthan State Pollution Control Board, Near FCI Godown, Chanderiya, Chittorgarh, Rajasthan**
- 2) **The In-charge, Central Pollution Control Board (CPCB- Central zone), 4th Floor, Sahkar Bhawan, North T.T. Nagar, Bhopal – 462 003.**

Your (**Half Yearly Compliance Report**) has been **Submitted** with following details

Proposal No	IA/RJ/MIN/20358/2013
Compliance ID	113432148
Compliance Number(For Tracking)	EC/M/COMPLIANCE/113432148/2024
Reporting Year	2024
Reporting Period	01 Dec(01 Apr - 30 Sep)
Submission Date	02-12-2024
RO/SRO Name	Shrawan Kumar Verma
RO/SRO Email	kr099.ifs@nic.in
State	RAJASTHAN
RO/SRO Office Address	Integrated Regional Offices, Jaipur

Note:- SMS and E-Mail has been sent to Shrawan Kumar Verma, RAJASTHAN with Notification to Project Proponent.

**Half Yearly Compliance Report
2024**

01 Dec(01 Apr - 30 Sep)

Acknowledgement

Proposal Name	Limestone mine with proposed production capacity of 5.4 Million TPA of limestone by M/s Rajputana Properties Pvt. Ltd. (A wholly owned subsidiary of Dalmia Cement (Bharat) Ltd.) located near village Mangrol, Sathkhanda, Bhawaliya, Rampura, Bamaniya and Muruliya Taluka Nimbahera, District Chittorgarh, Rajasthan (ML Area:701.268 ha)		
Name of Entity / Corporate Office	Rajputana Properties Private Limited		
Village(s)	BANSA		
District	CHITTORGARH		
Proposal No.	IA/RJ/MIN/20358/2013	Category	Non-Coal Mining
Plot / Survey / Khasra No.		Sub-District	Nimbahera
State	RAJASTHAN	Entity's PAN	*****9673A
MoEF File No.	J-11015/384/2013-IA-II(M)	Entity name as per PAN	RAJPUTANA PROPERTIES PRIVATE LIMITED

Compliance Reporting Details

Reporting Year	2024
Remarks (if any)	Half Yearly Compliance Report- April, 2024 To September, 2024.
Reporting Period	01 Dec(01 Apr - 30 Sep)

Details of Production and Project Area

Name of Entity / Corporate Office Rajputana Properties Private Limited

	Project Area as per EC Granted	Actual Project Area in Possession
Private	569.213	0.001
Revenue Land	0	0
Forest	0	0
Others	132.055	0
Total	701.268	0.001

Production Capacity

Sr. no	Product Name	units	Valid Upto	Capacity	Production last year	Capacity as per CTO
1	Limestone	Million Tons per Annum (MTPA)	N/A	5.4	0	Yet to be granted

Conditions

Specific Conditions

Sr.No.	Condition Type	Condition Details
1	Statutory compliance	5) Mining activity shall only be commenced after taking necessary approval from the CGWA.
<p>PPs Submission: Agreed to Comply Noted for Compliance. In this context we had also moved an application to the Central Groundwater Authority/Central Ground Water Board, Ministry of Water Resources, Govt. of India to permit us extraction of groundwater vide our letter dated 16-10-2012, 09-07-2013 and 21-08-2015 through District Collector, Chittorgarh. The Central Ground Water Authority have expressed limitation to permit us withdrawal of groundwater for Industrial use as the proposed project falls in Nimbahera Block of District Chittorgarh which stands notified for the purpose of regulation of ground water Development vide Notification dated 27th Nov. 2012. Now, as an alternate to meet the water requirement for the said project, it is proposed to source the water from Gambhiri Reservoir. Gambhiri Water Reservoir is situated about 4.5 km from our proposed project site in East direction. An application has been submitted to Water Resource Department, Jaipur dated 12th May, 2014. The same was recommended to Irrigation Department, Jaipur, Rajasthan by Department of Industries, Chittorgarh on dated 21st Sept. 2016. Permission is awaited.</p>		Date: 02/12/2024
2	PUBLIC HEARING	7) Implementation of Action Plan on the issues raised during the Public Hearing shall be ensured. The PP shall complete all the tasks as per the Action Plan submitted with budgetary provisions during the Public Hearing.
<p>PPs Submission: Agreed to Comply Noted for Compliance. Action plan, on the issues raised during the Public Hearing and for Social development of the region, will be implemented as per the plan submitted. Issues raised during Public Hearing and action plan with budgetary provisions had been submitted to MOEFCC during appraisal of the project for grant of EC.</p>		Date: 02/12/2024
3	Statutory compliance	3) No mining activities will be allowed in forest area, if any, for which the Forest Clearance is not available.
<p>PPs Submission: Complied No forest area involved in the project area. Hence, not applicable.</p>		Date: 02/12/2024
4	Statutory compliance	4) The Project Proponent shall obtain Consent to Operate from the State Pollution Control Board, Rajasthan and effectively implement all the conditions stipulated therein.
<p>PPs Submission: Agreed to Comply Noted for Compliance.</p>		Date: 02/12/2024
5	Statutory compliance	1) Environmental clearance is granted subject to final outcome of Hon'ble Supreme Court of India, Hon'ble High Court of Rajasthan, Hon'ble NGT and any other Court of Law, if any, as may be applicable to this project.

PPs Submission: Complied Noted.		Date: 02/12/2024
6	Statutory compliance	2) Environmental clearance is subject to obtaining clearance, if any, under the Wildlife (Protection) Act, 1972 from the Competent Authority, as may be applicable to this project.
PPs Submission: Complied Complied. As per the TOR conditions, a Wild Life Conservation Plan has been prepared for Schedule-I species reported to be observed in the study area. The same has been approved by Chief Wild Life Warden, Jaipur, Rajasthan vide letter no Misc/CWLW/5555 dated 20th Sept. 2013. Recommendation of the same shall be implemented as per the approved schedule.		Date: 02/12/2024
7	Human Health Environment	6) Proponent shall appoint an Occupational Health Specialist for Regular and Periodical medical examination of the workers engaged in the Project and maintain records accordingly; also, Occupational health check-ups for workers having some ailments like BPI diabetes, habitual smoking, etc. shall be undertaken once in six months and necessary remedial/preventive measures taken accordingly. The Recommendations of National Institute for ensuring good occupational environment for mine workers shall be implemented; The prevention measure for burns, malaria and provision of anti-snake venom including all other paramedical safeguards may be ensured before initiating the mining activities.
PPs Submission: Agreed to Comply Noted for Compliance during operation.		Date: 02/12/2024
8	MISCELLANEOUS	8) The mining operations shall be restricted to above ground water table and it should not intersect groundwater table. In case of working below ground water table, prior approval of the Ministry of Environment, Forest and " Climate Change and Central Ground Water Authority shall be obtained, for which a detailed hydro-geological study shall be carried out; The Report on six monthly basis on changes in Ground water level and quality shall be submitted to the Regional Office of the Ministry.
PPs Submission: Agreed to Comply Noted for Compliance during operation. A detailed Hydro-geological study has been conducted and report submitted to MoEFCC and CGWA. As per the study report and IBM approved mining plan, ground water table will not be intersected during mining operations.		Date: 02/12/2024
9	WATER QUALITY MONITORING AND PRESERVATION	12) Washing of all transport vehicles should be done inside the mining lease.
PPs Submission: Agreed to Comply Noted for compliance during operation.		Date: 02/12/2024
10	AIR QUALITY MONITORING AND PRESERVATION	9) The pollution due to transportation load on the environment will be effectively controlled and water sprinkling will also be done regularly. Vehicles with PUCC only will be allowed to ply. The mineral transportation shall be carried out through covered trucks only and the vehicles carrying the mineral shall not be overloaded. Project should obtain PUC certificate for all the vehicles from authorized pollution testing centres.

PPs Submission: Agreed to Comply Noted for Compliance during operation.		Date: 02/12/2024
11	AIR QUALITY MONITORING AND PRESERVATION	11) Use of effective sprinkler system to suppress fugitive dust on haul roads and other transport roads shall be ensured.
PPs Submission: Agreed to Comply Noted for Compliance during operation.		Date: 02/12/2024
12	Statutory compliance	14) Three Schedule I species namely Indian Monitor, Sloth Bear and Common Leopard are reported. A Wildlife Conservation Plan for schedule-I species has been prepared and duly authenticated and approved by Deputy Conservator of Forest, Chittaurgarh, CCF (WL), Udaipur and Chief Wildlife Warden, Jaipur, Rajasthan vide letter Misc./CWLW/5555 dated 20.09.2013. Project Proponent informed that an amount of Rs. 160 Lakhs is proposed for implementation of Wildlife conservation and Eco-management plan. The Project Proponent shall implement the Conservation Plan and also take all precautionary measures during mining operation for conservation and protection of endangered flora/fauna, if any, spotted in the study area.
PPs Submission: Agreed to Comply Noted for compliance. Wild Life Conservation Plan for Schedule-I species approved by the Deputy Conservator of Forest, Chittaurgarh, CCF (WL), Udaipur and Chief Wild Life Warden, Jaipur, Rajasthan vide Letter Misc./CWLW/5555 dated 20.09.2013 shall be implemented for conservation of Flora/Fauna in the study area. The approved conservation plan shall be implemented and also all precautionary measures shall be taken during mining operation for conservation and protection of endangered flora/fauna, if any, spotted in the study area.		Date: 02/12/2024
13	WATER QUALITY MONITORING AND PRESERVATION	10) There shall be planning, developing and implementing facility of rainwater harvesting measures on long term basis in consultation with Regional Director, Central Groundwater Board and implementation of conservation measures to augment ground water resources in the area in consultation with Central Ground Water Board.
PPs Submission: Agreed to Comply Noted for Compliance. A Comprehensive Hydrogeological Study including Rainwater Harvesting and Water Resources Evaluation in and around proposed integrated project have been carried out to explore the various possibilities to harvest rainwater and recharge the ground water. The same has been submitted to MoEFCC and CGWA and recommendation of the study shall be implemented during operation.		Date: 02/12/2024
14	MISCELLANEOUS	13) Implementation of Environment Management Policy of the Company w.r.t. judicious use of Mineral resources for growth and development synchronizing mining and environment with prosperity.
PPs Submission: Agreed to Comply Noted for compliance during operation.		Date: 02/12/2024
15	AIR QUALITY MONITORING AND PRESERVATION	16) Main haulage road in the mine should be provided with permanent water sprinklers and other roads should be regularly wetted with water tankers fitted with sprinklers.
PPs Submission: Agreed to Comply Noted for Compliance during operation. Necessary provisions have been provided in EMP and all arrangements shall be made along with the start of mine development activities.		Date: 02/12/2024

16	MISCELLANEOUS	18) Likewise, Alteration or re-routing of foot paths, pagdandies, cart roads, and village infrastructure/public utilities or roads (for purposes of land acquisition for mining) shall be avoided to the extent possible and in case such acquisition is inevitable, alternative arrangements shall be made first and then only the area acquired. In these types of cases, Inspection Reports by site visit by experts may be insisted upon which should be done through reputed Institutes.
PPs Submission: Agreed to Comply Noted for Compliance during operation of mine.		Date: 02/12/2024
17	Human Health Environment	15) The illumination and sound at night at project site, disturb the villages in respect of both human and animal population. Consequent sleeping disorders and stress may affect the health in the villages located close to mining operations. Habitations have a right for darkness and minimal noise levels at night. Project Proponent must ensure that the biological clock of the villages is not disturbed; by orienting the floodlights/ masks away from the villagers and keeping the noise levels well within the prescribed limits for day light night hours.
PPs Submission: Agreed to Comply Noted for Compliance during operation of mine.		Date: 02/12/2024
18	MISCELLANEOUS	17) Transportation of the minerals by road passing through the village shall not be allowed. A bypass road should be constructed (say, leaving a gap of at least 200 meters) for the purpose of transportation of the minerals so that the impact of sound, dust and accidents could be mitigated. The Project Proponent shall bear the cost towards the widening and strengthening of existing public road network in case the same is proposed to be used for the Project. No road movement should be allowed on existing village road network without appropriately increasing the carrying capacity of such roads.
PPs Submission: Agreed to Comply Noted for Compliance during operation.		Date: 02/12/2024
19	Human Health Environment	20) Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, cretche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
PPs Submission: Agreed to Comply Noted for compliance during site development activities. It is a mining project and no major construction activities will be involved except construction of a mine office.		Date: 02/12/2024
20	MISCELLANEOUS	21) A Final Mine Closure Plan along with details of Corpus Fund shall be submitted to the Ministry of Environment, Forest and Climate Change 5 years in advance of final mine closure for approval.
PPs Submission: Agreed to Comply Noted for Compliance.		Date: 02/12/2024
21	Corporate Environmental Responsibility	19) CSR activities by Companies including the Mining Establishments has become mandatory up to 2percent of their

		financial Turn-over, Socio Economic Development of the neighborhood Habitats could be planned and executed by the Project Proponent more systematically based on the Need based door to door survey by established Social Institutes/Workers. The report shall be submitted to the Ministry of Environment and Forest and its Regional Office located at Lucknow on six monthly basis.
--	--	--

<p>PPs Submission: Agreed to Comply Noted for Compliance. A detailed CSR programme for 10 years of operation of project has been prepared based on Need based assessment study, participatory rural appraisal involving door to door survey and submitted to MoEFCC in EIA/EMP during appraisal of the project. The same shall be implemented after commencement of the integrated project in consultation with the local communities and administration. The report shall be submitted to the Ministry of Environment and Forest and its Regional Office located at Lucknow on six monthly basis after operation of the proposed project.</p>	<p>Date: 02/12/2024</p>
---	-----------------------------

General Conditions

Sr.No.	Condition Type	Condition Details
1	MINING PLAN	1) No change in mining technology and scope of working should be made without prior approval of the Ministry of Environment, Forest and Climate Change.

<p>PPs Submission: Agreed to Comply Noted.</p>	<p>Date: 02/12/2024</p>
---	-----------------------------

2	MINING PLAN	2) No change in the calendar plan including excavation, quantum of mineral and waste should be made.
---	-------------	--

<p>PPs Submission: Agreed to Comply Noted.</p>	<p>Date: 02/12/2024</p>
---	-----------------------------

3	Statutory compliance	3) The Project Proponent shall obtain necessary prior permission of the competent authorities for drawl of requisite quantity of surface water and ground water for the project.
---	----------------------	--

<p>PPs Submission: Agreed to Comply Noted for Compliance. An application has been submitted to Water Resource Department, Jaipur dated 12th May, 2014. The same was recommended to Irrigation Department, Jaipur, Rajasthan by Department of Industries, Chittorgarh on dated 21st Sept. 2016. Permission is awaited.</p>	<p>Date: 02/12/2024</p>
--	-----------------------------

4	AIR QUALITY MONITORING AND PRESERVATION	5) Monitoring of Ambient Air Quality to be carried out based on the 2009 Notification, as amended from time to time by the Central Pollution Control Board. Water sprinkling should be increased at places loading and unloading points and transfer point to reduce fugitive emissions.
---	---	--

<p>PPs Submission: Agreed to Comply Noted for Compliance during operation.</p>	<p>Date: 02/12/2024</p>
---	-----------------------------

5	Corporate Environmental Responsibility	6) The upliftment of scheduled caste/scheduled tribe population, specific programmes have been taken into consideration specially with respect to education, health care, livelihood generation, infrastructure development and promotion of sports and culture for SC/ST population and that these will be intensified in future.
---	--	--

<p>PPs Submission: Agreed to Comply Noted for Compliance. A Comprehensive Socio-Economic development programme has been prepared based on Need Based Assessment Study, Participatory Rural Appraisal involving door to door survey and same shall be implemented during operation.</p>		<p>Date: 02/12/2024</p>
6	<p>WATER QUALITY MONITORING AND PRESERVATION</p>	<p>4) Regular monitoring of ground water table to be carried out at the upstream and depth of water available in the dug well is to be measured. Monitoring to be done by establishing a network of existing wells and constructing new piezometers.</p>
<p>PPs Submission: Agreed to Comply Noted for Compliance during operation.</p>		<p>Date: 02/12/2024</p>
7	<p>LAND RECLAMATION</p>	<p>7) The top soil, if any, shall temporarily be stored at earmarked site(s) only and it should not be kept unutilized for long. The topsoil shall be used for land reclamation and plantation. The over burden (08) generated during the mining operations shall be stacked at earmarked dump site(s) only and it should not be kept active for a long period of time. The maximum height of the dumps shall not exceed 8m and width 20 m and overall slope of the dumps shall be maintained to 45°. The OB dumps should be scientifically vegetated with suitable native species to prevent erosion and surface run off. In critical areas, use of geo textiles shall be undertaken for stabilization of the dump. The entire excavated area shall be backfilled and afforested. Monitoring and management of rehabilitated areas should continue until the vegetation becomes self-sustaining. Compliance status shall be submitted to the Ministry of Environment, Forest and Climate Change and its Regional Office located at Lucknow on six monthly basis.</p>
<p>PPs Submission: Agreed to Comply Noted for Compliance. Top Soil excavated shall be dumped at earmarked place and shall be regularly utilized for green belt development. It will be spread along the ML boundary and plantation will be done on it. As proposed in EIA/EMP report which was prepared in line with the IBM approved mining plan, the max height of the soil dump will be 20 m with 2 terraces at every 10 m height, the max height of the overburden will be 30 m with 3 terraces at every 10 m height and the max height of the subgrade dump will be 37 m with 4 terraces at every 10 m height. The overall slope of the dumps shall be maintained to 45°. Top soil shall also be spread on dumps and plantation (native species) shall be carried out on the dump and slope of the dump for its stability and prevention from erosion and weathering. An application for correction shall be made once the mining lease is executed.</p>		<p>Date: 02/12/2024</p>
8	<p>LAND RECLAMATION</p>	<p>10) Dimension of the retaining wall at the toe of over burden dumps and 08 benches within the mine to check run-off and siltation shall be based on the rain fall data.</p>
<p>PPs Submission: Agreed to Comply Noted for Compliance.</p>		<p>Date: 02/12/2024</p>
9	<p>LAND RECLAMATION</p>	<p>8) Catch drains and siltation ponds of appropriate size shall be constructed around the mine working, mineral and OB dumps to prevent run off of water and flow of sediments directly into the river and other water bodies. The water so collected should be utilized for watering the mine area, roads, green belt development etc. The drains shall be regularly desilted particularly after monsoon and maintained properly. The drains, settling tanks and check dams of appropriate size, gradient and length shall be constructed both around the mine pit and over burden dumps to prevent run off of water and flow of sediments directly into the river and other water bodies and sump</p>

		capacity should be designed keeping 50 percent safety margin over and above peak sudden rainfall (based on 50 years data) and maximum discharge in the area adjoining the mine site. Sump capacity should also provide adequate retention period to allow proper settling of silt material. Sedimentation pits shall be constructed at the corners of the garland drains and desilted at regular intervals.
PPs Submission: Agreed to Comply Noted for Compliance. Garland drain and settling ponds will be constructed as proposed in the IBM Approved Mining Plan. The over burden dumps will be located as proposed in the IBM approved mining plan.		Date: 02/12/2024
10	AIR QUALITY MONITORING AND PRESERVATION	11) Effective safeguard measures such as regular water sprinkling shall be carried out in critical areas prone to air pollution and having high levels of PM10 and PM2.5 such as haul road, loading and unloading point and transfer points. It shall be ensured that the Ambient Air Quality parameters conform to the norms prescribed by the Central Pollution Control Board in this regard.
PPs Submission: Agreed to Comply Noted for compliance during operation.		Date: 02/12/2024
11	GREENBELT	9) Plantation shall be raised in a 7.5m wide green belt in the safety zone around the mining lease, backfilled and reclaimed area, around water along the roads etc. by planting the native species in consultation with the local DFO/Agriculture Department. The density of the trees should be around 2500 plants per ha. Greenbelt shall be developed all along the mine lease area in a phased manner and shall be completed within first five years.
PPs Submission: Agreed to Comply Noted for Compliance. Plantation/Greenbelt shall be done in the safety barrier zone, backfilled and reclaimed area, along road etc. Native species will be planted in consultation with the local DFO/Agriculture Department. The density of the trees shall be around 2500 plants per ha. The phase wise plantation programme is earmarked to plant 37500 saplings over an area of 15 ha all along the periphery of the mining lease and in the Safety Zone with the native species. Greenbelt shall be developed all along the mine lease area in a phased manner and shall be completed within first five years.		Date: 02/12/2024
12	AIR QUALITY MONITORING AND PRESERVATION	16) Fugitive dust emissions from all the sources should be controlled regularly. Water spraying arrangement on haul roads, loading and unloading and at transfer points should be provided and properly maintained.
PPs Submission: Agreed to Comply Noted for compliance during operation.		Date: 02/12/2024
13	AIR QUALITY MONITORING AND PRESERVATION	15) Four ambient air quality-monitoring stations should be established in the core zone as well as in the buffer zone for PM10, PM2.5, SO2 and NOx monitoring. Location of the stations should be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive targets and frequency of monitoring should be undertaken in consultation with the State Pollution Control Board. Data on ambient air quality should be regularly submitted to the Ministry including its Regional office located at Lucknow and the State Pollution Control Board / Central Pollution Control Board once in six months.
PPs Submission: Agreed to Comply		Date:

Noted for compliance. With the start of mining operation, Ambient Air Quality Monitoring Stations shall be established in consultation with the State Pollution Control Board and monitoring report shall be submitted accordingly.		02/12/2024
14	WATER QUALITY MONITORING AND PRESERVATION	12) Regular monitoring of the flow rate of the springs and perennial nallahs flowing in and around the mine lease shall be carried out and records maintained. Regular monitoring of water quality upstream and downstream of water bodies shall be carried out and record of monitoring data should be maintained and submitted to the Ministry of Environment, Forest and Climate Change, its Regional Office, Lucknow, Central Groundwater Authority, Regional Director, Central Ground Water Board, State Pollution Control Board and Central Pollution Control Board.
PPs Submission: Agreed to Comply There is no Perennial Nalla or River flowing in and around the mine lease.		Date: 02/12/2024
15	WATER QUALITY MONITORING AND PRESERVATION	13) Regular monitoring of ground water level and quality shall be carried out in and around the mine lease by establishing a network of existing wells and constructing new piezometers during the mining operation. The monitoring shall be carried out four times in a year - pre- monsoon (April-May), monsoon (August), post-monsoon (November) and winter (January) and the data thus collected may be sent regularly to Ministry of Environment, Forest and Climate Change and its Regional Office, Lucknow, Central Ground Water Authority and Regional Director, Central Ground Water Board.
PPs Submission: Agreed to Comply Noted for compliance during operation.		Date: 02/12/2024
16	MISCELLANEOUS	14) The critical parameters such as PM10 (size less than 10 micro meter), PM2.5 (size less than 2.5 micro meter), NOx in the ambient air within the impact zone, peak particle velocity at 300m distance or within the nearest habitation, whichever is closer shall be monitored periodically. Further, quality of discharged water shall also be monitored (TDS, DO, PH and Total Suspended Solids (TSS)). The monitored data shall be uploaded on the website of the company as well as displayed on a display board at the project site at a suitable location near the main gate of the Company in public domain. The circular No. J-20012/1/2006-IA.II (M) dated 27.05.2009 issued by Ministry of Environment, Forest and Climate Change, which is available on the website of the Ministry www.envfor.nic.in shall also be referred in this regard for its compliance.
PPs Submission: Agreed to Comply Noted for compliance. No waste water shall be discharged out of the ML boundary. The critical parameters such as PM10, PM2.5, NOx in the ambient air shall be monitored within the impact zone, peak particle velocity at 300m distance or within the nearest habitation, whichever is closer shall be monitored periodically. The report shall be uploaded on the Companys website as well as displayed on a display board at the project site at a suitable location near the main gate of the Company in Public domain. The circular No. J-20012/1/2006-IA.II (M) dated 27.05.2009 shall also be complied.		Date: 02/12/2024
17	Human Health Environment	20) Occupational health surveillance program of the workers should be undertaken periodically to observe any contractions due to exposure to dust and take corrective measures, if needed.
PPs Submission: Agreed to Comply Noted for compliance. With the start of mining operation, occupational health surveillance program		Date:

shall be organized for workers on regular basis. If any contractions will be observed due to exposure to dust, corrective measures shall be taken immediately.		02/12/2024
18	Statutory compliance	29) The project authorities should advertise at least in two local newspapers widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of the clearance letter informing that the project has been accorded environmental clearance and a copy of the clearance letter is available with the State Pollution Control Board and also at web site of the Ministry of Environment, Forest and Climate Change at http://envfor.nic.in and a copy of the same should be forwarded to the Regional Office of this Ministry located Lucknow.
PPs Submission: Complied Complied. It was advertised on 14th Feb. 2016 in two newspapers namely The Indian Express (English lang.) and Dainik Bhaskar (Hindi lang.). Copy of the same was already submitted along with the previous half yearly compliance report. A copy of the same had been forwarded to the Regional Office of Ministry at Lucknow.		Date: 02/12/2024
19	Statutory compliance	10. The Ministry or any other Competent Authority may alter/modify the above conditions or stipulate any further condition in the interest of environment protection.
PPs Submission: Agreed to Comply Agreed.		Date: 02/12/2024
20	MISCELLANEOUS	23) The project authorities should inform to the Regional Office located at Lucknow regarding date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.
PPs Submission: Agreed to Comply Noted for compliance.		Date: 02/12/2024
21	Noise Monitoring & Prevention	17) Measures should be taken for control of noise levels below 85 dBA in the work environment. Workers engaged in operations of HEMM, etc. should be provided with ear plugs / muffs.
PPs Submission: Agreed to Comply Noted for compliance. Adequate measures, detailed in EIA/EMP and Mining plan, shall be taken for control of noise levels below 85 dBA in the work environment. Workers engaged in operations of HEMM, etc. shall be provided with ear plugs / muffs.		Date: 02/12/2024
22	WATER QUALITY MONITORING AND PRESERVATION	18) Industrial waste water (workshop and waste water from the mine) should be properly collected, treated so as to conform to the standards prescribed under GSR 422 (E) dated 19th May, 1993 and 31st December, 1993 or as amended from time to time. Oil and grease trap should be installed before discharge of workshop effluents.
PPs Submission: Agreed to Comply Noted for compliance. Waste water from workshop shall be diverted to oil and grease trap and treated water shall be reused. Domestic Waste water from mine office shall be diverted to septic tank followed by soak pit.		Date: 02/12/2024
23	MISCELLANEOUS	26) The project proponent shall submit six monthly report on the status of the implementation of the stipulated environmental safeguards to the Ministry of Environment, Forest and Climate Change, its Regional Office, Lucknow, Central Pollution Control

		Board and State Pollution Control Board.
PPs Submission: Being Complied Noted for Compliance and being complied.		Date: 02/12/2024
24	MISCELLANEOUS	28) State Pollution Control Board should display a copy of the clearance letter at the Regional office, District Industry Centre and Collector's office/ Tehsildar's Office for 30 days.
PPs Submission: Complied Complied.		Date: 02/12/2024
